[color=]A short while later I received a phone call from an unknown number who said he was Bjorn and started asking me what my involvement with onecoin was - he asked me my rank and how much money I was earning and so I asked him what his full name was and why was he phoning me?

[color=]

[color=]He said he was Nordic and his name was Bjorn Bjerke and so I asked in what capacity he was calling me - he said he knows everything about me - he knows I am using an iPhone right now, he knows every text, message and phonecall I make and every picture I take and send and he knows I am actively involved in a global criminal operation and that I need to stop immediately - said that I would end up with a prison sentence no matter what bit that I will be arrested and locked up for longer if I don't make a phonecall to the police within 24 hours.

[color=]This man started becoming angry when I asked why he knew all this and he just said - see I know everything the time has come for you to stop committing an offence.

[color=]

[color=]He was really angry and so I had to hang up because he was scaring me.

[color=]

[color=]I am so distressed from this and I am worried in case this happens to anyone from my team so I am asking you what to do plus also will this threat be taken up by onelife against these people?

[color=]

[color=]I then messages Eileen as I thought maybe this man got my phone number because I had been briefly added to that whatsapp group.

The man who called me definitely said he was Bjorn Bjerke and he sounded like this man in the video but was very angry towards me.

I am now scared into helping my team recruit people and worried to bring anyone into my network in case they are also contacted by this man or have to deal with anything from Jennifer McAdam.

I also randomly had messages from Tim Tayshun a few weeks ago via FB messenger which were equally scary.

I should like your advice on if I should phone the police about this also please.

A statement or press release or company video or anything from the legal department or from Dr Ruja would definitely go a long way to stop the fear from affecting my business and the businesses of my team members who joined to help others benefit from the onelife opportunity. We are all frightened right now and don't really know how to move forward.

I was going to go to the Macau global event but I actually no longer think I can afford to - this has had a really big impact on my earnings. I joined the business to help others and earn money and I am in a panic now.

I am a single mum of 5 and you can imagine what a terrible situation this puts me in.

Many thanks for your help.
